A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

**WHY SOME TELEPHONES REPORT busy!**

Conversation finished but receiver left "off the hook"—forgotten.

Books, ash trays, ornaments can keep it "off the hook" too.

For full use of your telephone, please keep your instrument "hung up"—ready for service.
