New vacuum tube equipment that boosts the number of coils that present wires can handle is an important part of our current program to provide even better and faster long distance service.

**PLEASE LISTEN**  
for the **DIAL TONE**  
**BEFORE DIALING**

That "dial tone", a steady hum, is the signal that the equipment is ready to receive a call. It corresponds to an operator's "Number, please?"

For best results with your telephone—please make sure of the number (if in doubt, consult the Telephone Directory); then speak with lips close to the mouthpiece, using your natural tone of voice.
