nature of service desired**

THE DISORDERS OF AGE

THERE are many elderly people in whom the Disorders of Age, shown by premature Senility, Nervousness and Mental peculiarities, require such particular care and professional supervision as cannot be suitably applied in their own homes. To send such people (when not actively Insane) to a Hospital for the Insane, is manifestly unwarranted and unjust.

What to do with them is often a problem. To meet these conditions we have established a separate department to which the aged of either sex can be admitted and where they will receive the special care, protection, supervision and treatment that their infirmities demand. Such patients at OSBORNE HALL find a real home with facilities to meet the conditions of their declining years and are given experienced medical attention coupled with kind attendance whereby they may secure their days in peace and comfort. Rates moderate and scaled to be consistent with the personal requirements of each case.

THE NEW OSBORNE HALL is now located at Winchester Station, main line Peninsular (electric) R. R. 2 1-2 miles west of San Jose.

All buildings are new, planned and erected especially for this work. Situation high and on well drained land in midst of 18 acre Orchard Park, affording maximum of freedom under privacy.

Climate unsurpassed. Separate buildings for segregation of cases. Accommodations for 75. Special opportunities for providing life care in individual cottages for selected cases under terms of donation, trusteeship, legacy or cash payment.

POSTOFFICE ADDRESS, SANTA CLARA, CAL.
