

MOUNTAIN MILL HOUSE!

Half-way between Middletown ^{AND} Calistoga,
HERVEY BITTERS, Proprietor.

This Way-side Hotel has just been re-fitted and occupied by the present Proprietor, and can be recommended as one of the BEST PLACES OF ENTERTAINMENT of the entire interior.

MR. BITTERS evinces an admirable adaptability for the business he is at present engaged in, by his attention to the comfort of his Guests.

His Table is Furnished with an unsparing hand,

Everything which the season and locality affords finding a place upon it, and what is still more important, every attention being given to its proper preparation.

Every convenience can be afforded to parties Traveling with Teams, there being a

Roomy Stable attached to the Hotel,

AND HAY AND FEED OF ALL KINDS KEPT CONSTANTLY ON HAND.

It is the only place from Middletown to Calistoga which offers these facilities, as the writer remembers to have recently learned while traveling over the road.

This Hotel is but a short distance from, and on the road to

The Great Western Quicksilver Mines.

Parties overtaken by night in this vicinity can remain here until morning, and by an early start, reach Calistoga in time for the Early Train to San Francisco.

REMEMBER: THE MOUNTAIN MILL HOUSE,

HERVEY BITTERS, PROPRIETOR.
