

WARREN'S HOT SULPHUR SPRINGS

LAKE COUNTY, CAL.

RICHARD WILLIAMS, PROPRIETOR.

So celebrated have these Springs become, and so generally and favorably are they known, that little need be said, except that they are daily curing AGGRAVATED CASES of

Liver and Kidney Complaints,

IN THE MOST ADVANCED STAGES.

CASES OF RHEUMATISM,

considered for years incurable, have received almost instantaneous relief, and in the course of a few weeks every trace of the Disease has been removed.

The Springs are twenty-one miles from Calistoga, with which place they are connected by a capital road.

A Stage belonging to the Springs connects at Calistoga with the Morning Train from San Francisco, and the Noon Train from Vallejo, each day, Sunday excepted. The time consumed in the trip from San Francisco is Nine Hours. MR. WILLIAMS has a

FIRST-CLASS HOTEL

For the accommodation of visitors, with some Thirteen MODERN COTTAGES for those desiring Suites. The BATH HOUSES are scrupulously neat. The WINE ROOM is provided with the Choicest Vintages.

The Climate is equable, and the adjacent scenery grand beyond description. All will be well satisfied with a few days spent at this truly unexceptionable resort.
