

LUMBER! LUMBER!

Fine Body of Timber--over Eleven Hundred Acres.

LUMBER AT REDUCED PRICES.

MEEKER'S

NEW

STEAM SAWING & PLANING MILLS

ARE LOCATED

Four miles from Freestone, seven and a half miles from Valley Ford, fifteen miles from Tomales, eleven miles from Bloomfield, twenty-five miles from Petaluma, eight miles from Sebastapol, fifteen miles from Santa Rosa, and the roads are the best mill roads in the county. Two new routes now open. New roads completed, with no bad hills, to our Mill.

We have removed our Mill, and re-built and put in new machinery of the latest invention in many parts, so as to defy competition. The skillful practice we have had among you for the past twelve years as Master Mechanics, makes us flatter ourselves that we better understand what variety of timber to select for different kinds of work than other mill men.

The wide-spread reputation of MEEKER'S LUMBER speaks for itself; it is cut on short feed and therefore is the smoothest Lumber offered in the market. We have spared no pains or money to make this what every Sawing and Planing Mill should do.

We have on hand the Largest and Best Assortment of Seasoned Lumber ever offered in this Market.

All kinds of Common Lumber, Matched Flooring and Ceiling of Superior Finish, dressed both sides, for partitions, Rustic Siding of any pattern, Half-inch Siding Rabbeted, Clap Boarding and Common Siding of different varieties, Door and Window Jambs, Casings and Trimmings throughout, large assortment of Mouldings of every description on hand and worked to order at short notice, Fancy Pointed Pickets, Common Pickets, Split Pickets, Split Boards or Shakes, Shaved Shingles, and Cord Wood.
Pine Flooring and Pine Timber a Specialty.

Bills of Lumber Sawed at short notice, with care and of uniform size.

Ours are the only Mills prepared to saw long, heavy timber. We saw over sixty feet long, and will deliver bills in any part of the county.

We work ourselves and superintend the business, and with our increased and superior facilities, we can guarantee satisfaction both as regards quality and prices.

We are thankful for past favors and hope all will continue them.
