

W. T. GARRATT,

BRASS AND BELL FOUNDER,

MANUFACTURER AND IMPORTER OF

Church and Steamboat Bells and Gongs,

BRASS CASTINGS OF ALL KINDS,

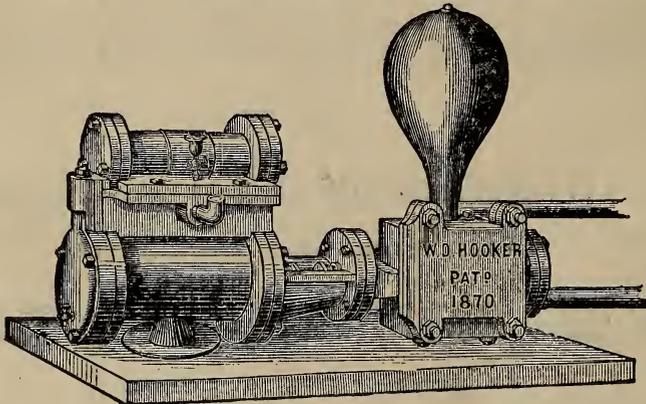

HYDRAULIC PIPES AND NOZZLES FOR MINING PURPOSES,

Garratt's Improved Journal Metal,

ROOTS' BLAST BLOWERS.

Importer of Iron Pipe and Malleable Iron Fittings, all kinds of Ship Work and Composition Nails at Lowest Rates. Manufacturer and Proprietor of

HOOKER'S DIRECT-ACTING STEAM PUMP.

Acknowledged to be the best and simplest Steam Pump known or manufactured in the United States.

After over four years' use in the Mines, Feeding Boilers, Fire purposes, Irrigating, &c., has proved itself the Best and most Reliable Pump in the market. It has no Tappets or Tappet Arms. Valve Rods, Eccentrics, or any complex or outside gear whatever. Its working parts are few and simple; are covered and protected, and cannot be broken. It occupies less space than any other Pump of the same capacity; all the working parts are easy of access, and can be readily examined and replaced: an important desideratum in a Pump. It will RUN FASTER or SLOWER than any other pump, and is warranted to start at any point in its stroke. It is the SIMPLEST, CHEAPEST and BEST PUMP MADE, very compact, and from 10 to 50 per cent. heavier than any other pump of the same capacity, making it the Best Mining Pump in the Market.
