Any Sick Person Can Have a FREE X-RAY

EXAMINATION

Showing the approximate location of nerves supplying the various organs and parts of the human body.

Any sick person who will come to my offices and mention this advertisement can have an X-Ray photograph taken, which will show the exact cause of their trouble, absolutely free of charge and without obligation in any way. I will show this photograph to you and explain just what and where your trouble is, in words you will understand. Are you sick? Is your body in pain? Why not give yourself a chance? Stop drugging yourself—stop putting poisons into your system, as by so doing you are only drawing on your reserve supply of nervous energy and storing up more trouble for yourself. Then when the next symptoms appear you will have just that much less of your reserve supply, and if continued that source of supply will soon become depleted and your power of resistance at a very low ebb. No, you can't cheat nature that way. Just think this over—hold the thought for awhile and you will soon become convinced.

THE EASY ROAD TO HEALTH

My Advanced Method of Painless Chiropractic has been the means of restoring hundreds of sick men, women and children back to strong, vigorous health. It is the easy, commonsense way to treat the sick—effecting cures without the use of medicine, drugs, surgery or pain. It is a newer, easier, cheaper, painless way of making the sick well.
