

It's easy to find "Where to buy it"

To find the business concern
you have in mind—

*First, locate the heading descriptive of the general type of business.
This will be found in its regular alphabetical order.*

*Then, locate the desired concern and telephone number by examining
the listings under the heading.*

To find where to buy the article
or service you want—

*First, locate the headings indexed by the name of the article or
service you wish.*

*Then, select from the listings the dealer with whom you wish to
do business.*

Under these headings may also be found sub-headings descriptive of
particular kinds of articles or services and the dealers in a position to
serve you. The advertisements provide you with more complete buying
information.

When you want to find a dealer handling a
trade-marked or branded article—

*Look for the heading which bears the same name as the article you
wish,
Or, under the heading descriptive of the product or service rendered.
In either case cross references will direct you to the names of dealers.*
