AS SHE TYPES, COPIES APPEAR
AT MANY POINTS AT ONCE

A typist in one city, on a Teletypewriter,
 records an order, letter, bill or memo-
 randum.

As her fingers touch the keys of her in-
 strument, those exact letters appear simul-
 taneously in other offices in the same
 building or in distant cities.

Such is the Teletypewriter, a new aid to
 modern business.

Office, plant, warehouse, all can be tied
 together by the Teletypewriter.
