AS SHE TYPES, COPIES APPEAR
AT MANY POINTS AT ONCE

A typist in one city, on a Teletypewriter,
records an order, letter, bill or memo-
randum.

As her fingers touch the keys of her in-
strument, those exact letters appear simul-
taneously in other offices in the same
building or in distant cities.

Such is the Teletypewriter, a new aid to
modern business.

Office, plant, warehouse, all can be tied
together by the Teletypewriter.

IT PAYS to have a TELEPHONE

When concluding a business in-
terview, it's worth while being
able to say, "This is my telephone
number." And when your friends
want to reach you quickly, or
you want them, how much a
telephone means!

Nothing does so much for so
little.
