"J. P. Brown speaking"

THERE are several ways of answering a telephone—but there is one that always gets you off to a flying start.

This good way follows the rule that says, "Give your own name—at once—and if it is a business call the name of your firm. This establishes your identity."

AS SHE TYPES, COPIES APPEAR
AT MANY POINTS AT ONCE

A typist in one city, on a Teletypewriter
records an order, letter, bill or memo
random.

As her fingers touch the keys of her in-
strument, those exact letters appear simul-
taneously in other offices in the same
building or in distant cities.

Such is the Teletypewriter, a new aid to
modern business.

Office, plant, warehouse, all can be tied
together by the Teletypewriter.
