TELEPHONE "JACKS" OFTEN
ADD GREATLY TO CONVENIENCE
At desired points, "jacks" for a portable
telephone may be installed in your home
or business premises. A "plug" on the end
of the portable telephone cord makes the
telephone connection.

This is one of several special types of
telephone service which are available for
particular requirements.

Your telephone has many happy, human

uses. When the family is scattered by

business, school or vacation. When friends

move to other cities. When there are babies,

birthdays or anniversaries. Then a friendly,

personal greeting means so much. ... and

costs so little.
