AS SHE TYPES, COPIES APPEAR AT MANY POINTS AT ONCE

A typist in one city, on a Teletypewriter, records an order, letter, bill or memorandum.

As her fingers touch the keys of her instrument, those exact letters appear simultaneously in other offices in the same building or in distant cities.

Such is the Teletypewriter, a new aid to modern business.

Offices, plant, warehouse, all can be tied together by the Teletypewriter.

To Save You Time and Money

You're a thrifter housekeeper than ever when you have a telephone. It keeps you in touch with the markets, the shops, the sales, and saves your strength.

May we tell you more about what it will do for you, and about the different types of service? Just call our Business Office.

The Classified Telephone Directory

lists every kind of merchandise, every type of service—use it when buying.
