You'll get quicker service when you dial if you follow these simple steps:

1. **Listen for the dial tone. This tone is your signal that the equipment is ready to take your call.**
2. **Dial each letter and digit of the number in its right order.**
3. **Draw the dial all the way to the finger stop.**
4. **Remove your finger and let the dial return naturally, without forcing or hurrying.**
5. **If you make a mistake while dialing, hang up for a few seconds and then start your call again.**
