EXPLOSION IN OVEN
If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

Good party-line neighbors are considerate party-line users.

Remember these golden rules:
* Space your calls instead of making several without a break.
* Talk only as long as necessary on each call.
* When you finish talking replace the receiver properly.
* Make certain, if you are using a dial telephone, that the line is clear before you dial.
* Ask your youngsters to be considerate, too.
