For speed and accuracy on your
dial calls, listen first for the dial
tone. Dial each letter and digit
carefully, drawing the dial all the
way to the finger stop. Lift your
finger each time to let the dial re-
turn to position naturally.

Here's how you may be sure of
getting your party more often
when you dial:

1. Look up your number in the lat-
est directory.
2. Listen for the steady hummm
of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you de-
cide your party isn't home.

Behind on orders? Let handy

Classified introduce the suppliers

you need. It's fast. It's convenient.

Wise buyers say there's nothing

like the Yellow Pages of your tele-

phone book for getting in touch

with almost everyone around who

sells things, fixes things, does

things. Try Classified once ...

you'll use it often.

AT YOUR FINGERTIPS

To keep screws, nails, etc.,

handy and in view, attach the lids

of glass jars to a rafter or shelf

over your workbench. Screw jars

in place.

Have you thought of having a

separate business listing in the

Telephone Directory under your

own name? The charge for these

extra listings is small, the con-

venience often great.
