TO GLUE FURNITURE
 In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

Always

KEEP RECEIVER ON THE HOOK

When you are through talking on the telephone, always see that you place the receiver back on the hook. Otherwise you may miss an important call.
