

## NATIONWIDE DIRECT DISTANCE DIALING—continued

## HOW TO DIAL

1. FIRST DIAL THE DDD CODE 112  
Exception: If your telephone number begins with Edgewood 2, Frontier 1, Garden 1, 8, or Hickory 4, it is not necessary to dial 112.
2. NEXT, DIAL THE AREA CODE, if required. The area code is not required if you are dialing a point in your Home area.
3. THEN, DIAL THE TELEPHONE NUMBER, just as you do on a local call.
4. AFTER YOU DIAL  
An operator may come on the line and ask for the number of the telephone you are using. This is necessary to complete your call.

## For Example:

IN your home area	DDD Code	Area Code	Telephone No.
To reach Granite 7-1099 in Stockton—Dial	112	not required	GR 7-1099
OUTSIDE your home area To reach Yukon 2-5997 in San Francisco—Dial	112	415	YU 2-5997

## If You Reach a Wrong Number

The operator can adjust the charge. Ask whoever answers what city and state he is in. Then dial Operator immediately and tell her.

## CALLS YOU PLACE THROUGH OPERATOR

There are certain calls you place through an operator:

- Station-to-Station calls you cannot dial direct
- Person-to-Person calls
- Enterprise calls
- Collect calls

## Station-to-Station Calls

When you will talk with anyone who answers the called telephone, you make the call "station-to-station".

Tell the Operator the name of the city and the telephone number you want. If you do not know the number, give the Operator the name and address the telephone is listed under and tell her you will talk with anyone who answers.

## Person-to-Person Calls

When you want to talk to a particular person, department or extension, you can make the call "person-to-person".

Tell the Operator the name of the city . . . the telephone number (or the name and address the telephone is listed under) . . . and tell her what person, department or extension you want. The charge for this kind of call is somewhat more than for a "station-to-station" call.

## Collect Calls

When you want your call billed to the number you are calling, you can make the call "collect". Tell the Operator when you place the call—not afterwards—that you want it made "collect". The minimum charge for a "collect" call is 30c. Otherwise, collect calls cost the same as other calls.

## Other Long Distance Calls

It will help also if you ask for:

- Overseas Operator . . . . . on calls overseas or to Alaska
- Marine Operator . . . . . on calls to ships and planes
- Mobile Service Operator . . . . . on calls to autos, trucks, trains

Upon request, the Operator will notify you at the end of a stated period of time on long distance calls.
