

How to get the most out of your telephone service

It's wise (and thoughtful) to follow these simple golden rules for good telephone service:

- Encourage the youngsters to be considerate telephone users...and you won't miss important calls.
- Give the person you're calling plenty of time to answer...at least a full minute...and you'll reach him more often.
- Be sure that the line is free before making a call when you're on a party-line.
- Look up any numbers you're not sure of and...keep personal lists up-to-date.

ALL TOGETHER...ON A SINGLE CALL...

...A LONG DISTANCE CONFERENCE CALL!

A Long Distance Conference Call brings the circle of family and friends closer together... East or West, North or South, wherever they may be. You can talk to friends or relatives in as many as five different cities *at the same time*. You can give and get the latest news, make plans together, have a wonderful time!

Easy to arrange! Just give the Long Distance Operator the names, locations and phone numbers (if you have them) of the people you want to talk to; she'll do the rest. At the appointed time, all of you can talk back and forth as you would in your own living room. Why not plan to enjoy a get-together soon?
