EXPLOSION IN OVEN
 If you burn the inside of the oven
 with an exploded potato or something,
 soak a cloth in ammonia and
 let it stay on the burned places an
 hours or so, after which you can
 scrape the spots clean without
 harming the enamel.

Two friendly telephone habits:
 ANSWER QUICKLY when your
 bell rings; HANG UP SLOWLY
 when you have finished your call or
 your party doesn't answer. In calling
 others; remember the called
 person may be almost there--so
 wait a few seconds longer.

When you want to telephone
LISTEN FOR THE 'DIAL TONE'
 —dial carefully—turn the dial all the way and
 then let it go back to position naturally, without
 forcing. These simple steps enable you to dial
 telephone numbers speedily and with precision.
