Here's how you may be sure of
getting your party more often
when you dial:

1. Look up the number in the latest
directory. Write it down.

2. Listen for dial tone.

3. Dial carefully.

4. Wait a minute before you de-
cide your party isn't home.

Good party-line neighbors are
considerate party-line users. Re-
member these golden rules:

• Space your calls instead of mak-
ing several without a break.

• Talk only as long as necessary on
each call.

• When you finish talking replace
the receiver properly.

• Make certain, if you are using a
dial telephone, that the line is
clear before you dial.

• Ask your youngsters to be con-
siderate, too.

NEWSPAPER FIREWOOD

To make a small grate or stove

fire, or to kindle a big one, use

old newspapers which have been

rolled up tightly, soaked overnight

in water, squeezed out and allowed

to dry for several days. The tighter

they are squeezed, the better fire-

wood they make.
