ONIONLESS ONION
If you like potato salad but do
not like raw onion, you might try
boiling an onion in the water in
which you are boiling the potatoes
for the salad. This gives the spuds
the flavor of onion.

Telephone cords and water don't
mix. A wet cord can put your tele-
phone out of order, so please keep
your telephone cord away from
sinks, valves, steam and other places
where water might get on it.
