NERVES

MAY CAUSE MANY PHYSICAL ILLNESSES SUCH AS
 HIGH BLOOD PRESSURE, STOMACH, HEART, LIVER,
 KIDNEY TROUBLES, NEURALGIC, ARTHRITIS,
 MYALGIC PAINS, ETC. 15 Years of Experience It Has Been My Privilege to Successfully Treat Thousands, Many of Whom Had Practically Given up in Despair Before Coming to Me.

A COMPLETE SPINAL ANALYSIS with the Ellis Micro-Dynamometer and other tests may be used to accurately determine the cause of your condition & progress under treatment.

Experience has taught me that GENTLE, EASY, RELAXING TREATMENTS without discomfort to the patient brings better results in relieving pressure on impinged nerves.

Consult me & discuss your case freely WITHOUT OBLIGATION.
