WHAT ARE TREATMENTS LIKE?

Briefly, Turoff scalp treatments are a scientific combination of ultra-violet stimulation, exclusive laboratory-treated clinically tested formulas, special germicidal applications and professional massage applied scientifically at regular intervals. Treatments are pleasant and relaxing... administered in private. As a service to the public, every Turoff Technologist offers a free hair and scalp examination AT NO OBLIGATION. By taking this examination, you can quickly find out exactly how serious your hair and scalp condition is and what you can do about it.
