In these busy days when saving time is so important, more and more telephone users are following the thoughtful way of answering the telephone: "Harry Smith speaking." Such an introduction establishes identity, saves time and makes a good impression.

ANTICIPATING Your Emergency SITUATIONS...

Most business firms advertise in
the YELLOW PAGES to make it easy
for you to find them.

They would appreciate your telling
them that you called because of
their advertising in the

Yellow Pages

Advertising in the YELLOW
PAGES of the Telephone Directory
is a direct way to keep your products
before buyers. More and more people
"Find it Fast in the YEL-
LOW PAGES."

As one friend TO ANOTHER

Please speak distinctly, when you telephone,
with lips close to the mouthpiece. It is just as
important to talk directly into the transmitter
as it is to keep your ear close to the receiver.
