KEEP LIGHT FROM MILK
 Keep light from milk to prevent
 loss of riboflavin, its most impor-
 tant vitamin element. If you don't
 meet the milkman, leave out a cov-
 ered, insulated box for bottles of
 milk. Remember that light hurts
 milk more than heat does in a short
 time.

3. If you are calling from a dial
 telephone always make certain
 the line is clear before you dial.

Have the right number when you
 call. It's natural to trust to memory
 —but when memory plays tricks
 with a telephone number, you're
 delayed. When you are not sure of
 a number—please look it up in the
 telephone directory.
