Avoidance of Lawful Charges

Persons using unauthorized credit card numbers or unauthorized telephone numbers to avoid charges will be prosecuted. Anyone violating Section 502.7, California Penal Code, by attempting to avoid lawful charges for telephone service may be fined up to \$5000 and imprisoned up to 5 years.

"Beep" Tone

Occasionally people need to record or monitor a telephone conversation for business or other reasons. When this is being done, you will hear a beep tone every 15 seconds to let you know that your conversation is being recorded or monitored. This signal is legally required to protect you.

Calling Another Party on Your Line

If you always hear a busy signal or a high pitched tone when calling a certain local number, it may be that the number is on your party line. To find out if it is and how to complete your call, dial 611 for Repair Service.

Customer Provided Equipment

Equipment, apparatus, devices or systems not furnished by the Telephone Company may be used with telephone instruments and associated equipment furnished by the Telephone Company provided such use complies with the Company's tariffs. These tariffs are designed in the interest of good telephone service and to prevent hazards to customers and Company employees.

Employee Identification Cards

For your protection, all telephone people who visit your home or office carry a Pacific Telephone identification card showing their name, photograph, signature and physical description.

Obscene or Harassing Calls

Obscene or harassing calls are prohibited by federal and state laws. A person who makes or permits such calls to be made over a telephone under his control may be fined or imprisoned or both. Federal Communications Act, Section 223; California Penal Code, Section 653m.
