THE SAME TYPEWRITTEN MESSAGE
TO EVERY OFFICE AT ONCE!

Teletypewriter Service is a quick, accurate method of local inter-office communication. By means of private wires, it connects main office with local branches, factories, warehouses, and other units within convenient range. Widely separated offices can receive the same typewritten message simultaneously. Would this service help you? Our business office will consider it a pleasure to go into the plan in detail with you.

AS SHE TYPES, COPIES APPEAR
AT MANY POINTS AT ONCE

A typist in one city, on a Teletypewriter, records an order, letter, bill or memorandum. As her fingers touch the keys of her instrument, those exact letters appear simultaneously in other offices in the same building or in distant cities.

Such is the Teletypewriter, a new aid to modern business. Office, plant, warehouse, all can be tied together by the Teletypewriter.
