

DIAL TONE—A continuous steady hum, the signal to start dialing.

RINGING SIGNAL—A "burring" tone repeated at regular intervals.

BUSY SIGNAL—A steady "buzz-buzz" tone.

DIAL AGAIN SIGNAL—A siren like sound rising and falling in pitch indicating some mistake has occurred on the call.

IF NO SIGNAL IS HEARD WITHIN A REASONABLE TIME AFTER DIALING—Hang up. Look up the number to be sure it is correct. Then, after waiting for the dial tone, dial the complete number again. If again no signal is heard, dial Operator and report the condition to her.

COPIES OF THIS DIRECTORY

Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes in numbers and listings. Simply as a matter of good service, the Telephone Company retains ownership of telephone directories. For this reason we ask that they be given to the delivery man at the time the succeeding issue is distributed.

DIRECTORY ERRORS

Every effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

DIRECTORIES OF OTHER CITIES

Telephone directories of other cities may be consulted at our Business Office. If you desire any copies, they may be obtained at an additional service charge by arrangement with the Business Office.

VOICE RECORDING SIGNAL—A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

IDENTIFICATION OF EMPLOYEES

Employees of this Company who regularly visit the public are provided with a photographic identification card. This card, which is properly countersigned, shows the employee's name, signature and photograph. If you doubt the right of a person to represent himself as an employee of this Company and he cannot furnish an identification card, please call the Business Office.

RATES

Rates and practices included in this directory are based upon those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

ATTACHMENTS TO TELEPHONES

In the interest of good service, please do not use any devices on telephone equipment except those furnished by the Company. The devices claimed by agents to eliminate noise, to destroy germs, etc., are usually detrimental and interfere with good service.

PERSONAL TELEPHONE LIST

YOUR LONG DISTANCE CALLS WILL GO THROUGH FASTER IF YOU GIVE THE OPERATOR THE OUT-OF-TOWN NUMBER. WHEN YOU OBTAIN THE NUMBER, JOT IT DOWN FOR FUTURE USE.

[illegible]

PLEASE TURN TO THIS PAGE, verify the numbers and transcribe to New Directory.
