Two friendly telephone habits:
QUICK to answer when your bell
rings; SLOW to hang up when you
call someone who does not im-
mediately respond. In calling
others, remember that the called
person may be almost there—so
wait a few seconds longer.

The men and women in the Bell
System are used to meeting emer-
gencies and they are trained and
equipped to carry on in times of
special need. For years they have
known the test of fire, flood and
storm. Always before them is the
tradition that "the message must
go through."
