When you want to telephone

LISTEN FOR THE 'DIAL TONE'

—dial carefully—turn the dial all the way and then let it go back to position naturally, without forcing. These simple steps enable you to dial telephone numbers speedily and with precision.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.

Behind on orders? Let handy YELLOW PAGES introduce the suppliers you need. It's fast—convenient. Wise buyers say there's nothing like the YELLOW PAGES of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try the YELLOW PAGES once... you'll use it often.
