

types of calls

Station

Place a station call if you'll talk with anyone who answers. You can dial most of these calls direct. Rates are lower than person calls and charging begins when the called telephone is answered.

Person

Place a person call when you wish to talk to a particular person or extension phone. From San Francisco telephones, you can dial most of these calls direct. See next page. Charging starts when conversation begins with the person called or anyone else agreed upon, or the extension. Rates are higher than station calls.

Collect, Credit Card and Calls Charged to Another Number

You can call "collect" if the person or firm you are calling agrees to pay the charge. You can also charge a call to your credit card or to another number. From San Francisco telephones, you can dial most of these calls direct. See next page.

Conference

You can talk with several people in different places at the same time. Dial "Operator" and ask for the Conference Operator.

Mobile and Marine Service

You can make Local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service. Dial Operator and ask for the Mobile Service Operator or the Marine Operator, unless you've been instructed otherwise.

Overseas

Calls to practically all the world's telephones can be made from your telephone. Tell the Operator you wish to place an overseas call and give the name of the country you are calling. Reduced rates apply on calls to many countries during certain hours and on Sunday.

Toll Free Calls

You can call free to telephone numbers that are preceded by Zenith, Enterprise or the Area Code 800. Dial the Operator and ask for Zenith or Enterprise numbers. Dial direct to numbers that are preceded by the Area Code 800.

Upon request the Operator will try to notify you at the end of a stated period of time on Long Distance Operator handled calls.
