The varsity finished 5th this season, missing the playoffs by $\frac{1}{2}$ a game. This highly spirited team played excellent all year. Led by and explosive offense and an aggressive defense the Eagles looked like a championship team at times. The highpoint of the season was a thrilling come from behind win over Lincoln in the Bell Game.

This year, the Varsity Basketball team of Washington High placed an overall third place in the AAA league with a 11-5 record.

Before the league competition started, the team participated in a number of pre-season games and two tournaments. One tournament in which they participated was at Healdsburg High. They were favored to win the tournament, but unfortunately, they lost the opener to the Healdsburg Greyhounds by a score of 52-50. The second and third day of competition, the Eagles played a spectacular game against Piner and Alameda High. Their offense was hellfire and their defense was devastating, thus blowing both Alameda and Piner off the courts. The Eagles came home from the tourney with the Consolation and Best Defensive Team trophies. The Eagles pre-season schedule ended with a 11-4 record.

The Varsity Head Coach, John McGrath, has 18 years of coaching experience behind him. During his coaching career at Washington, McGrath has led his teams to 14 play-off berths and one AAA All-City Championship and is a graduate of Humboldt State College. Coach McGrath also gets help from the Assistant Coach, Tom Swartz, who keeps the scorebook for the varsity.

The team this year consisted of two retiring varsity veterans; Tony Strickland and Danny Evertsz, four All-City J.V.'s; Tracy Haynes, Fred Reid, Willie McCall, and Charlie Bass, one All-City Lightweight; Robbie Midzuno, and one more Lightweight from Redwood High; Doug Rosenberg.

Tony Strickland started his basketball playing at Washington with the 125's and was named one of the All-City guards of the AAA. He then later played with the varsity as a guard and now has become one of the finest ball handlers for the Eagles.

Tracy Haynes was on the All-City J.V.'s as a center and was one of the players who led his team to the Championship game of 1973. He then joined the varsity this year, played the center position again, and is one of the Eagles outstanding rebounders. Tracy also was voted for "Honorable Mention" by the S.F. Examiner.

Fred Reid in his sophomore year played for the 115's City Championship team in which he was named one of the All-City guards in the AAA and again in the J.V.'s. This year in the varsity, he played the position of guard again and along with Tracy Haynes, he was also voted for "Honorable Mention" by the S.F. Examiner.

Danny Evertsz in his sophomore year played with the J.V.'s as a forward in which his team took All-City. In his junior year, Danny played with the varsity and again this year he played the position of guard. He was voted by the S.F. Examiner for the All-City Team and is the Eagles' highest scorers.

Willie McCall in his junior year played forward for the All-City J.V. championship team and this year he played forward again. Willie is better known though as an outstanding football player because of his potential speed.

Robbie Midzuno starts his basketball career with the City Championship 125's in which he was named All-City forward for the AAA. This year as a junior he played forward for the varsity. He should prove to be a valuable asset to the team next year.

Charlie Bass started his basketball playing when he was a sophomore. He was a second string forward for the J.V.'s and again in his junior year, he played the position of starting forward. Now in his senior year, Charlie started again and has become one of the eagles outstanding rebounders.

Doug Rosenberg started his basketball at Redwood High. In his junior year, he played for the varsity team as a guard. Doug has the potential of coming on strong on next years team.

This seasons Head Manager, Herman Jew, was commended by Head Coach John McGrath and his fellow teammates for doing a fine job on keeping the statistics for the team. He also had the responsibilities of preparing the scorebook for the assistant coach and making sure the statistics and news articles were hung in the school's display case.

Manager Calvin Martin had the critical jobs of keeping the time and score for the team. He also had the responsibilities of preparing the gym for the games.

Cary Chin, the photographer, had the job of photographing the team. He did an excellent job of photographing the team both in action and for publicity. He has been praised by the head coach and by the team for his outstanding work. He also provided the pictures for varous tourneys and the school's display case.

Washington's J.V.'s went undefeated in 10 straight games. This year's team won the championship on the long range shooting of Michael Wright and Kenny Charis. The other players who took care of the boards and points in the red zone were Michael Harris, Brett Shaefer and Emanuel Cheinen. The big Brain of the team was Mr. Bill Firpo. This is Coach Firpo's 4th Round Robin and his 3rd All-City championship. The teams overall record for 4 years is 37 wins and 3 loses.

This season Washington took home it's first Sophomore Championship with Mike Toscanini, Craig Riddell and Steve Jacobson taking First, Second, and Fifth places respectively. This victory put an end to the long standing Lowell dynasty. A great amount of individual effort was given by each member through the grueling 1.9 mile course. Coach Harry Redlick certainly has a great amount of talent to work with for future track and cross-country seasons.

Led by Ken Herrera, the Junior Varsity squad won a respectable third place in All-City meet, culminating a very successful 6-1 season.

Unfortunately, the Varsity team did not do as well as expected, taking a seventh in All-City. As Coach Redlick put it, the team suffered their own "energy crisis". Nevertheless, despite the absence of outstanding regular season performers Jeff Brody and "Crazy Man" Joe Lee, returning Varsity veterans Ron "Flash" Yuen, Dave "Adarr" Auld, and Joel Peterson placed the team ahead of the State Track Champion Wilson Team on the hilly 2.4 mile course.

Overall, the entire team placed third in this very individually challenging and demanding sport.

the professional . . .

For years, Nikon has been identified so closely with great photography that many think of it as a professional camera.

True, more of today's top photojournalists and other pros rely on Nikon than on any other 35. They can't afford anything less than the legendary Nikon ruggedness, the magnificent picture quality of its Nikkor lenses, the endless versatility of the Nikon system.

Most Nikon owners, though, are simply people who love doing photography. They choose Nikon because, more than any other camera, it offers unlimited opportunities for personal fulfillment. How else would you explain the steadily increasing preponderance of Nikon photos in the world's most prestigious photographic contests, year after year!

Your own Nikon system is waiting for you at your Nikon dealer. Ask him also about the Nikon School of Photography. Nikon Inc., Garden City, N.Y. 11530. Subsidiary of Ehrenreich Photo-Optical Industries, Inc.
