FOREWORD

"V for Victory," the theme for the Fall 1941 Mission Journal, the editors a few short months ago chose without realizing how symbolic this slogan was to become. For we began our book while our venerated country was at peace. But now, since enemy bombs have burst over our ramparts, we are at war.

In this war every Mission student will do his share toward an ultimate Victory and our theme slogan, God willing, becomes a forecast of our future.

CONTENTS

Accordingly, we show the contribution of our school life toward Victory as follows:

DEDICATION

To our defenders who so bravely died at Pearl Harbor we dedicate this book.

The Fall '41 Mission Journal takes great honor in dedicating their "V for Victory" theme to our American forces who so courageously went to their deaths fighting for our country—fighting to keep free on this earth, our present form of government.

We, Young Americans, fully realize the danger of

these perilous times; therefore we are going forth to take our places in the vanguard of our defenses, so that we can defend our country in as valorous a manner as did the heroes of Pearl Harbor. We will continue the fight for the liberties for which they died. So, within, these pages of the Fall '41 Journal, we attempt to show our readiness to make not in vain the death that you heroes died at Pearl Harbor.

THE EDITORS

Verve describes Wanda Yaley who typifies the flourishing, spirited, vivacious tempo issuing from the heart of every Missionite. Each student has been vying to contribute to the school, his part in a varied selection of activities. Throughout the following section you will find snaps of music, drama, and other interests, all of which tend to build up the character of young America while they carry on with vim toward the goal of the Nation, "V" for Victory.

Mission Training Points To Jobs, Good Citizenship

The training received at school by a pupil is meant to do mainly two things. One is to prepare him for a job and the other is to prepare him for a position in the world by teaching him the duties and responsibilities of a good citizen. Mission High does both of these things and its pupils are eager to learn. This can be seen by noticing the number of students in the library each day. Because of this urge to do their best, Mission pupils have won awards in many fields. The more notable of these are art, sports, music, and journalism.

Mission Playcrafters Present "The Good Bad Man"

This term the dramatics classes have been kept busy practicing the term play to entertain the students of Mission. Miss Alice Donaldson and her student dramatic classes have promised a breathtaking, soul-stirring dramatic mystery, with a rugged Southwest as its locale.

The chief production presented by Mission players was the term play, "The Good Bad Man," a mystery in three acts which includes Pat Bulfin, who played Tony, as the "good bad man"; Ethel Renner as Mrs. Corliss, who in the government employ seeks to unravel the mystery, and Frank Vorsatz as Don Beverly, a Department of Justice man.

as she is unscrupulous. The rest of the players are: Pat Neadeau as Brenda Mason, Rowena Waggoner as Miss Witman, Dorothy Shubin as Peggy Kendall, Gilbert Vergani as Allen Barston, Egan Johansen as Caleb. The music was furnished by Mr. Ingram.

Two short plays were given for the benefit of the Low and High Two's on Hallowe'en, October 31. The first play was about Hallowe'en goblins, which was very exciting; the other was about a teacher and her five students. It was a play with loads of laughs, and they all had a swell time.

On November 13 some of the students from Miss Donaldson's dramatic classes entertained the parents of the students of Mission High.

On November 26, in the evening, the students of Humboldt High gave an Amateur Hour Show, which was very interesting. The parents of the students of Mission High came. There were three winners. The first winner was little Daisy Natsoulas, who played the violin. The second winner was Angelo Bernarde, who played the accordion, and the third winner was Charles Thollander, who sang "Always."

Values . . . —

Attained, Maintained In Mission Classes

Mission students have always attained and maintained high standards in their classes. Now, more than ever, this is an important factor to every Missionite. Without these high values, pupils of Mission, as well as any other people, would unlikely be able to cope with the present conditions.

A proof of the fact that Mission students maintain high standards of education and citizenship can be shown by noting the large number of students in the various honor organizations. Another proof of the fact is seen by recalling the length of the honor roll in one issue of the WEST WING.

West Wing Wins Awards

With no deadline to beat, no more pounding typewriters, no more flying here and there for stories to fill this and that issue, the West Wing staff winds up an outstanding term of putting out the paper with a sigh of contentment, considering the work well done. With such honors as Columbia Medalist, Quill and Scroll International Award, N.S.P.A. All-American, the top honors from all three schools of journalism tucked under their arms, this term's papers have hit a new high in school journalism with credit going to the staff to back them. Josephine Alcalde, editor, was ably assisted by Marjorie Dormody and Natalie Rigenko, associate editors, Jean Smythe, news editor; Jack Henderson, sports editor, Helen Wallin, feature editor.

Under the direction of Mr. B. G. Wiesinger, the paper is out for more honors.

• WEST WING EDITORS: Enthusiastic over the success of the senior edition of the WEST WING are Josephine Alcalde, editor, and Jean Smythe, news editor of our school paper.

• JOURNAL EDITORS: Looking over the "dummy" of the "V" for Victory journal, and liking it, are editor and associate editor Hilmar Cann and Marge Dormody.

And So Does Journal

Did those tear sheets come back from the press yet? Where are the idents for the club section? Have you got the writeup for the athletic division page? These are complaints heard in the magazine writing class before the Journal comes out. Eventually, despite difficulties, a book is produced and out of the odor of printer's ink and the clicking of typewriters emerges a publication of which we can all be proud.

This semester a theme was adopted that has turned out to be surprisingly appropriate. This is the "V for Victory" slogan which has been so invigorated in the past few months. This is developed throughout the book by the plan of layout and fashion of writing.

The staff of this term's Journal has done an excellent piece of work in the production of the yearbook under the capable supervision of Mr. Bernard G. Wiesinger. The staff is headed by Hilmar Cann, editor; Marjorie Dormody, managing editor; Edythe Anderson, Senior editor, and Gloria Tiraschi and Mable Topoian, associate editors, and Patrick Field, art editor.

Vitamins . . . —

Dietetics Emphasized In Student Health

An important factor in the life of every Missionite is his health. This is supervised by our very capable nurse, Miss Huston. The physical education classes also teach much to our students on how to get and stay healthy. They also give the pupils the necessary exercise.

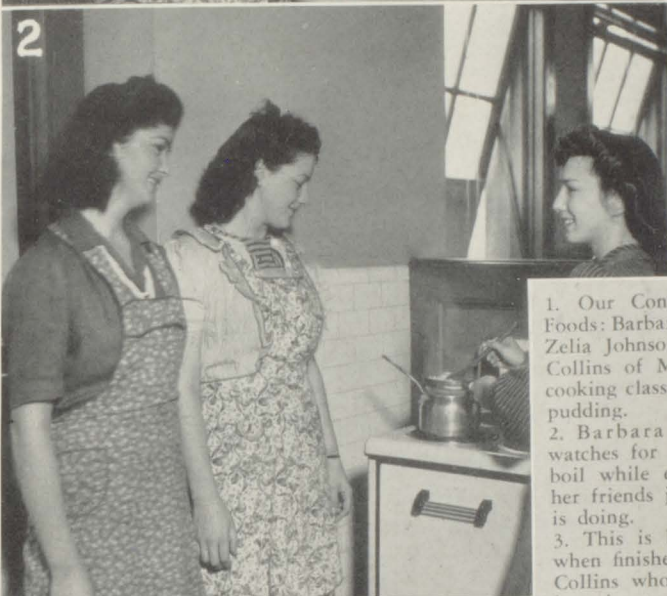

The cafeteria serves food to the students that is always of the best quality. The beanery caters to the appetites of a large number of boys. Some of the food served in the cafeteria and beanery is made by the students themselves and is really delicious. The students of Mission are thus fed and their health safeguarded.

High Note Hit by Our Musicians

Mr. George D. Ingram, who is head of the Music Department, is doing a splendid job to entertain the students at Mission High School.

The swing band is led by Dave Hopkins, who plays for the assemblies and dances. When the band plays for the assemblies, students request and dedicate songs to their friends.

The A Cappella Choir is organized by Miss Isabelle C. Becker, and is composed of 38 members. They sang at churches, and they made their yearly trip to San Jose to sing with eleven other choirs from various parts of the state. The students in the A Cappella Choir and also the students of Mission will miss the splendid voice of Charles Thollander, who is a high senior.

The R.O.T.C. Band leader, Lieut. Commander Thomas J. Kennedy, U.S.N., has retired, and Bill Ashton is the bandmaster. They played many stirring pieces for the assemblies. They marched for the Defense Parade, and several of the band boys were called out for the National Defense.

• **PLAY MAESTRO:** *Below*—Dave Hopkins leads the band while our talented singers look on.

• **VIVACIOUS CONDUCTOR:** *Above*—Mr. Ingram conducts the orchestra which entertains at our assemblies.

Mr. George D. Ingram's orchestra will play as usual at the graduation this term.

The Music Department, in many ways, is a great help to students interested in making music their profession.

Industry which is significant of the duties of every American, is carried out with vim at Mission High School. Among those who are the vital leaders of our school is vigorous Nick Hamil, whose picture is viewed here. In this section will be found a variety of the leaders of the student body, the counselors, faculty and also the student body itself. Honors should be granted to members of the faculty and counselors to whom we owe valuable training.

MR. DREW

Ambitious for Mission, anxious that her achievements be high, and talented in bringing out the best of Mission, is our beloved Principal, Mr. William J. Drew.

We can be thankful that the main characteristic of our Principal is his pride. With great gratitude, the students of Mission thank Mr. Drew for his skill in designing much of our school building.

We point with great pride to our leader for his efforts in bringing about the construction of our playfield.

Mr. Drew can be seen at every athletic contest as Mission's most enthusiastic rooter.

Besides being an administrator, Mr. Drew is also a talented musician, playing the violin, flute and other instruments. You can be sure that his musical ability is shared with all.

MISS MORRILL

Capable is the word to describe Miss Morrill, our Dean of Girls and Vice Principal.

She performs her numerous duties with great intelligence and calmness.

The superior character which is found in Mission girls is due in a large part to her gentle and understanding manner.

We are inspired by her ideals to strive for the best—whether in Mission or elsewhere.

Although her greatest pleasure is to assist the Mission girls in every way possible, Miss Morrill also finds some time to indulge in her favorite pastime—which is reading all types of books, fiction and non-fiction.

Firm of heart, our girls' dean has carved a place in the affections of each Mission miss. So hats off to another popular administrator.

Johns, Assistant Head Counselor in charge of Educational and Vocational Problems; Mrs. Thelma Baxter, Head Counselor, and Mr. Joseph Oricello, Senior Counselor, confer regarding the new counseling set-up formed to combat juvenile delinquency in San Francisco.

MR. NEWMAN

As Dean of Boys and Vice Principal, Mr. Joseph B. Newman has given never-ending help and encouragement to many Mission boys.

Many of this term's activities would not have been so successful without the guidance and knowledge of our Vice Principal.

His ability to discuss intelligently any subject, at any time, is always astounding to students and faculty alike.

Although he too is kept busy in school affairs, he somehow finds time to indulge in his favorite pastime, which is reading. Mr. Newman is a constant reader in French, German, Spanish, and Latin, as well as English. Chess—in which game he is an expert—is another of his favorite diversions.

The Mission students have come to accept Mr. Newman as more of a fellow companion rather than an administrator.

Student Body . . . —

One of the most important and smoothest organizations at Mission is the Executive Committee. Its most important duty is preparing its membership for their life after graduation. The committee consists of the student body officers, class officers and high representatives of other important committees.

This term's committee was headed by Prexy Nick Hamil, who is well known and outstanding throughout the city. Diana Radovich, our vice president, is always present at the meetings making suggestions and giving splendid ideas.

Important sponsors of this committee who are always ready to serve and give advice are William J. Drew, Principal; Joseph B. Newman, Vice-Principal; Joseph Oricello, Director of Student Activities; Rolland Barney, Treasurer; Miss Lenore Davidson and Arthur Jones, Physical Education department heads.

Vigorous School Careers Led by Graduates

Starting the term of Spring, 1939 with an abundant supply of vigor and the will to succeed, we seniors, who were then the youngsters of the school, gave the reins of leadership to Margaret Campbell. We quickly became adjusted to Mission's size, and, much to our dismay, we found out that Mission had no swimming pool, despite rumors to that effect. We made friends easily with our teachers and fellow pupils and in no time at all learned how to find our way through the maze of halls. We soon adopted the different customs such as buying a West Wing whenever it came out, and toward the end of the term we received our first Journals. The last day of the term finally arrived and we were promoted to the high sophomore class, but not without the breathing of many sighs of relief. As "high and mighties" of the lower division we chose Mae Dahlin as our class president. The completion and dedication of Drew Field opened this term and our soccer team won the A.A.A. Championship.

Christmas came and went and we became low juniors. The term started off with a bang. We elected our own class president in the person of Nick Hamil. During this term we won both the baseball and crew

championships. Do you recall the spirited celebration we had of the Fair Fiesta? What a Fiesta! Even the faculty members were bedecked as cowboys, Indians and miners. But how those days did fly! We elected Marvin Greenberg as our president during that term. Our high-spirited soccer and basketball teams came through as champions. With great enthusiasm many joined the Hi-Y Clubs which were started during this semester. Our Journal for this term won All-American honors.

The Yuletide season passed on and we became low seniors. At last we were in the upper brackets! Gertrude Berg was chosen as our leader for the term. Our 120-pound basketball team emerged from the playoffs with flying colors as champions of the A.A.A. Our annual term play was a great success, as were all the other events of the term.

Finally, we became what we had always waited for. We were, at long last, high and mighty seniors! But, as the term draws to a close, many of us have a feeling of regret way down inside. We have all had many good times with both teachers and students and won't soon forget them. Therefore, the class of Fall '41 bids Mission High a fond adieu.

• SALUTATORIAN AND VALEDICTORIAN: Out of a class of 300, Marion Daly and Barbara Trousdale were chosen to give the opening and closing addresses of this term's graduation class.

Busy Senior Term

The Seniors of Mission were the busiest people these past few weeks. Their able Senior Counselor, Mr. Oricello, guided them through their last term. Every High Senior must have his program approved by Senior Counselor Oricello.

As the term goes on and report cards come out, the high seniors hurry to the bulletin board to see whether their names appear on the list. If so, their next job is to be measured for a cap and gown. This is ably done by the Cap and Gown Committee, made up of Miss MacLaughlin's and Miss Lynn's students.

The high seniors know they are nearing the last lap when the time comes to pay their senior dues. These dues are used to pay such graduation expenses as bids and stage decorations.

Then comes the day when all Seniors get dressed in their best bibs and tuckers to face the Journal photographer. When proofs are returned, one may see the Seniors among their various friends asking, "Which do you like?"

Finally the day arrives when that familiar cry is heard, "Sign my Journal?" Every graduate is proud of his new Journal with its Senior cover.

Senior week arrives and none is to be seen in classes, as each seems to have things of more importance to do about the school.

Seniors Face Future

When bombs burst over Pearl Harbor a jolt was dealt to every Missionite and especially to our Seniors, for they must now begin to cope with the war situation.

We have noticed the following changes: In our Spring Journal of 1940 the Journal staff conducted a poll. They found that prospects for jobs were not too bright and unemployment was the major problem. How untrue this is today! In this state of emergency the prospective graduate of Fall '41 faces a world of prosperity. Jobs are numerous. Twenty per cent of the boy graduates plan to work in defense industries, while 15 per cent indicate they will enlist in our nation's forces.

Vocational changes have taken place, too. In our survey of a year ago 25 per cent of the students planned to follow civil service as a career, as compared to the 10 per cent of this graduating class. This is largely due to the boom in employment. Although civil service is a secure position, the income now is less as compared to the salaries received in defense work.

In conclusion, we believe that our Seniors, through the training received at Mission, are prepared to do whatever is deemed necessary to bring this struggle to an ultimate and final victory.

Teamwork sums up the whole situation when we speak of Bob Ohlsen and Walter Swartz. Full of Vim, Vigor and Vitality, these two boys verily seethe with the sporting spirit which can be found during the football season. With our winning of the championship in the 120 basketball and soccer teams, Mission is placed right on top with the other famous schools in the country. Mission's R.O.T.C. boys seem to be more than ever aiming at the "V" for Victory goal.

• VOLUBLE TRIO: Yell Leaders Stanford Warner, Russell Carr and Bill Mazotti lead the rooting section with vivacious yells.

• VIBRANT ROOTERS: Barbara Pfann and Elaine Morrow, loyal rooters, with their pet mascot, Spunky, cheer the valiant Mission team on to victory.

SPORTS REVIEW

This semester Mission's athletic teams once again brought home the bacon in various forms of awards. Coach Glenn Haas and his boys on the soccer team won the soccer championship of the A.A.A. for the third consecutive term. The 120 basketball team under Coach George Wolfman was awarded that championship in the A.A.A.

Bear Tacklers Finish Fifth in League

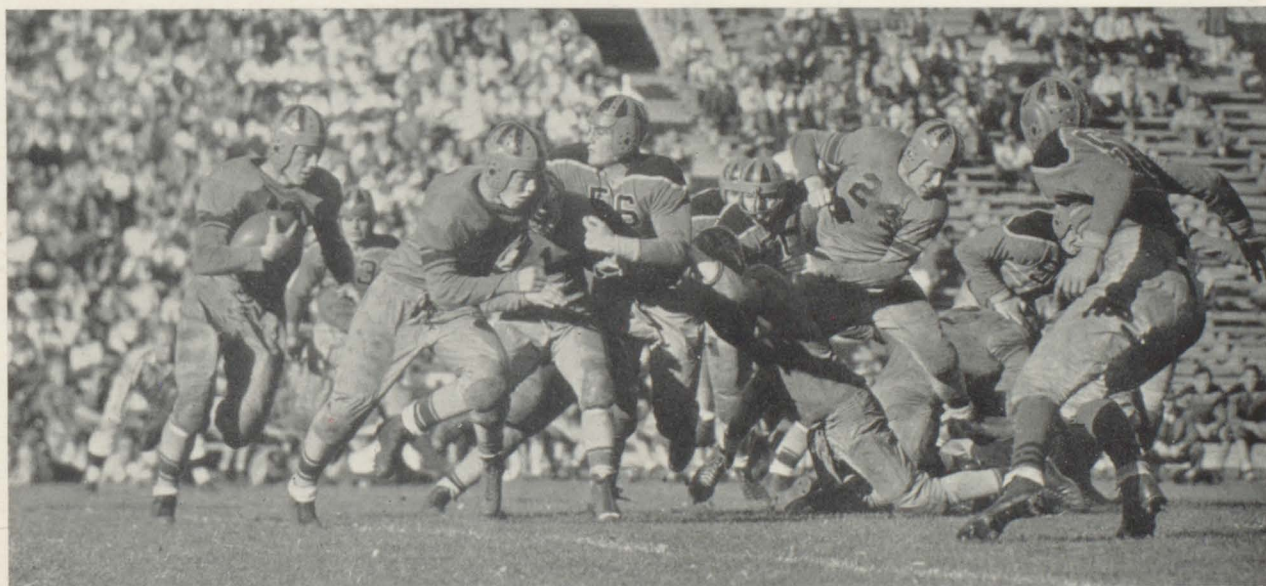

Banging off to a good start, then slowing down to a walk in the middle of the season, and then finishing like a house afire, the Bear football team had an up-and-down season.

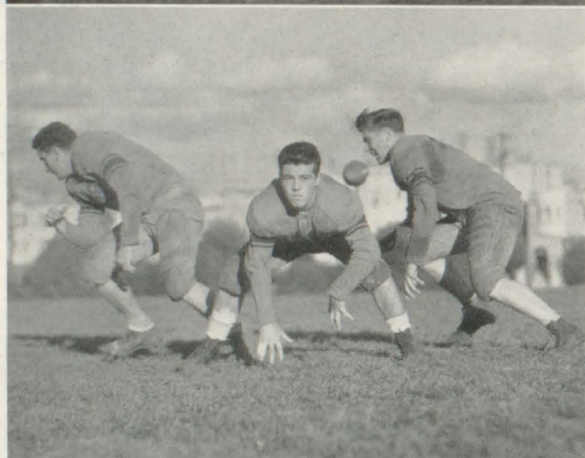

In their initial appearance the Bears won the Mission District championship by defeating the powerful Balboa Bucs, 6 to 0.

The only score of the game came as Dick Kellijian threw a perfect pitch into the arms of Bob Ohlsen on the ten-yard line, who drove on to the four before being stopped. Quist scored two plays later. The Bears muffed five opportunities to score.

St. Ignatius was the next victim to take the count, the final score being 19 to 0. The Wildcats lacked

the ability to stop the well-balanced attack employed by the Bears.

Martin Murray, right halfback, scored two touchdowns on reverses that went 15 and 10 yards each.

A "comedy of errors," the game with the Washington Eagles might be called. Huge chunks of yardage were torn up by the Bears, but each drive became nullified by a fumble or by a pass interception. A fighting Washington defense was rewarded when a bad pass to Kellijian, who was back to kick, went into the end zone and was fallen on for six Washington points.

Commerce, the traditional rival, was met on October 7. For both squads this was the most important game on the schedule.

The Bears were the superior team up until the fourth quarter and were ahead by a score of 6 to 0, accomplished by Bob Ohlsen receiving a pass and racing 27 yards before being downed on the Bulldog three. In two charges George Quist plowed into the end zone for our only tally.

Then came the fatal fourth quarter which spelled disaster for the Bears. Ernie Provost, Commerce hero of the day, from the Bear 25 stepped back and pitched a perfect pass into the arms of Ellsworth Reite for their first score. The conversion attempt was good and the Bulldogs led, 7 to 6. The Bears started to roll again late in the fourth quarter and ate up 42 yards, then Ohlsen's pass was intercepted by Provost, who ran 82 yards to seal the Bears' doom.

Poly gave Mission its worst beating of the season with a 26-to-0 score. Even so, Mission had the statistics in its favor.

The first break of the game came when a sneak pass by the Bears landed in the arms of Bill Hennings, defensive safety man, who calmly raced 47 yards for the initial score.

• **END PRACTICE:** In the top picture we see some of Mission's ends reaching for high passes during practice on Drew Field.

• **LINE BLOCKERS:** In the next shot we see Walter Turchin and Pete Tryforos blocking while Martin Murray, right halfback, makes good a kick.

• **MISSION GUARDS:** In the next photograph on this page can be seen guards Tom Brown, Walter Reiterman, and Jack Lamke practicing breaking from the line.

• **BLOCKERS SUPREME:** In the last photo we see Rene Lacau and Lawrence Martin in a nice piece of blocking, also on Drew Field.

Football Review . . . —

The champion Lowell Indians scalped the Bears, 13 to 0, on October 23. The Indians used their T formation to good advantage, featuring Paul Orsi's deceptive running and Billy Sheridan's brilliant passing. The first score came late in the first quarter when Sheridan floated a pass to End Frank Wigmore which was good for 23 yards. Sheridan then threw a perfect strike to Thomas on the 18, who ran all the way without having a hand laid on him. Their second touchdown came with Orsi dominating a 90-yard drive that ended with his diving over the two.

The Bears then rose up and slapped the Galileo Lions with a 13-to-0 win.

On the second play of the game Martin Murray outran the Lion secondary men and scooted 58 yards for a touchdown.

After a brilliant downfield march, the Bears landed on the enemy one-yard line after Walt Hazen had cracked through the line for three yards. On the next play Quist dove over left guard and into the end zone to pay-dirt.

In the Bears' final game they handily defeated Sacred Heart, 13-6, and took fifth place in the A.A.A. race.

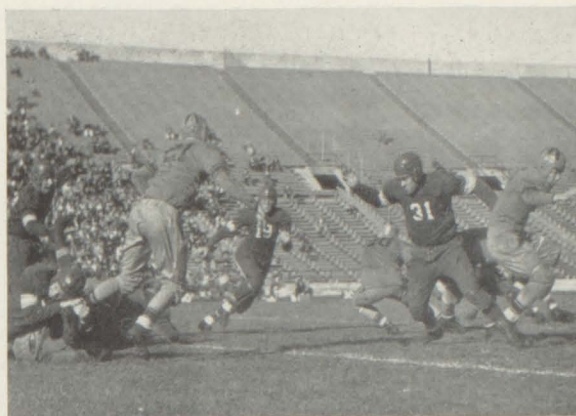

Except for a spectacular run by Rudy Isaquierre, the Irish never got past their own 49-yard line. Martin Murray broke the ice on a reverse from Walt Turchen to score the initial touchdown. Larry Martin's conversion attempt netted ought. In the third quarter it was George Quist who carried most of the yardage; eight times carrying the ball, he accounted for 24 of the 62 yards, passed for 34 more to Dick Worrell, and again for four. Blitzkrieg George dashed one yard past left guard to score six points, which was raised one by Martin's successful conversion.

• **QUIST CRASHES:** In the top picture we see George Quist being brought down during a touchdown attempt in the Commerce game.

• **SNEAK PLAY:** Hazen fakes a reverse in the Sacred Heart game as Quist goes through the line with Walt Turchen going around.

• **MISSION SCORES:** In the third photo Martin Murray, right halfback, scores a touchdown on a reverse in the St. Ignatius game. This was done twice.

• **TOUCHDOWN SCORERS:** In the last picture can be seen George Quist plowing into the end zone with Milt Reiterman running interference in the Commerce game.

Hoopsters Win 120's Championship

For the second time in two seasons the 120-pound basketball team has won the A.A.A. championship. Although not a high-scoring team, the 120-pound quintet played outstanding basketball both on offense and defense.

A total of 204 points for nine games as against a total of 164 for their opponents proves that the Mission boys had what it takes.

Gene Caviglio led the team in scoring with 48 points and together with Mike Bravas, Dick Healy and Bob Bigelow formed the backbone of the Bear attack.

The team won all but one game, which they lost to Lowell by a few points.

Although slightly weaker than last year's 120-pound champions, this year's team surpassed all expectations and came through with their fine ball handling.

Coach George Wolfman "broke the ice" last year for the first time since 1936 and, repeating the feat again this year, it looks as though bigger and better Mission championships are here to stay.

The 110-pound team did not fare so well as the 120's, but they have a fine array of talent in such boys as Frank Liuzzi, Ernie Marcopulous and Gus Delenikos, and these boys will bear watching.

Soccer Lads Cop Third Straight Title

RAY BRATT

• The Mission soccer team is for the third consecutive time A.A.A. champions, due largely to Capt. Ray Bratt.

Last year they said it was just plain luck, and that it couldn't possibly happen again. But it has happened again and for the third consecutive year the Mission soccer team was undisputed champion of the A.A.A. This year's team went undefeated, but tied in the form of Polytechnic. This game was played under unusual weather conditions and therefore the boys cannot be blamed too much.

It may be coincidence, but it is interesting to note that this year's team scored a total of 16 goals and allowed but three to be scored upon them, the exact number scored and allowed by last year's champs.

Largely responsible for Mission's victories was Goalie Bill Fitts, who sparked the defense by stopping all but three tries on Mission's goal. George Freese led the team in scoring with nine goals to his credit.

Don Drummond, Captain Ray Bratt, Bill Micheletti, Floyd Given, Ken Mattson and Roy Bailey constituted the main force of the Bear attack and the central block of the team's resistance.

Coach Glenn Haas deserves a great deal of credit for "bringing home the bacon" these last three years, and when he was asked about Mission's chances next year, he replied: "There is every possible indication that we will have a good team and that we may figure very strongly in the race for the championship!"

Girls' Sports . . . —

Physical education is compulsory for every student in Mission. The health program is divided into two parts, corrective and regular classes. Girls unable to take regular gym attend the corrective classes. Depending upon the special needs of the girl, a lighter program is offered.

Girls that pass the medical examination take the regular course daily in which they participate in dancing, marching, relay races, and basketball.

GIRLS' EXECUTIVE BOARD

Two qualities must be had before being considered for membership, either by election or by receiving a "Block M." An "F" automatically removes her from the list. Head of the G.E.B. this term, and girls' athletic manager, is Barbara Trousdale. The adviser is Miss Lenora B. Davidson.

SWIMMING

Members meet at the Crystal Palace Baths each week, coached by Miss Helen F. Landon. They are taught the fundamentals of swimming and diving.

BADMINTON

Badminton is quite popular and is seeing its fifth season at Mission. The sponsor is Miss Geraldine Mulgany.

RIDING

The sponsor of this sport is Mrs. Millikin. They meet once a week at the San Francisco Riding School, where they receive training from a professional riding master. They are being taught to ride English saddle instead of Western.

AWARDS

Several things are considered before giving a girl an award in sports. She must have earned eight points by her participation and must show good sportsmanship.

• TRAINS FOR VALOR: Lt. Loran E. Gilbert, who during his eight years at Mission, has readied many of our cadets for just such a crisis as the present war.

• VETERANS TEACH NOVICES: Capt. Bob Waller points out a strategical maneuver on the wall map in the R.O.T.C. Armory.

R. O. T. C. Cadets Stress National Defense . . . —

This term, as of preceding terms, the Mission Reserve Officers' Training Corps has done its part in aiding National Defense. It has produced a large number of highly trained, disciplined cadets.

Many cadets, upon the United States' entry into the war, reported instantly for active duty with the California State Guard. A few of these received

a noncommissioned officer's rating, as do many R.O.T.C. students upon entry to the Regular Army or a reserve branch. Among those called for duty were Lt. Col. Vorsatz, who was replaced by Captain Haymond; Captain Smith, replaced by Lieutenant Norton, and Lieutenants Kurz, Warner, Thulien and Brown.

During this semester the Mission battalion has taken part in a number of parades including the spectacular National Defense Pageant parade in which thousands participated.

Another event of considerable importance was the inspection of the Mission R.O.T.C. and its Armory

by Colonel Bond, Major MacFarland and other officers of the Army.

Organization is the subject of consideration displayed by Traffic Captain Don Burger, above. Protection with a smile is one of the policies of our traffic squad. The students of Mission gather to give out with their talents in the form of clubs, organizations, leagues and societies. All of these build up the morale and character of the young people who go up the steps which constitute the stairway to a goal at the top of which stands the sign of Victory.

Roll Call—then school assembly—is the program once a day, approximately once a week. Pictured here is Natalie Rigenko, often a featured singer at Mission assemblies. Registry is from 8:30 to 9:00, giving ample time to become situated every morning and also giving the student a few minutes to review the studies of the day. In the “V’s” at the bottom of the pages are snaps of prominent undergraduates who have contributed to the leadership of Mission in order to make a success of the campaign of “V” for Victory.

Chess Club Wins
Inter-School Matches

This organization is of interest to many students who play or wish to play that king's game—chess. This term the Chess Club has played against other schools and won the inter-school matches. It is headed by Frank Vorsatz and Lois Kenison and is under the excellent sponsorship of Mr. Charles De Sousa. A great deal of interest has been aroused in this club and many students have joined. They stay in trim during the lunch periods and after school go to play against the clubs of other schools. They have had a fine record this term and hope to keep it up.

Spotlight Club
Given High Praise

Discovering talent and developing talent for radio programs is the purpose of the Spotlight Club.

Between auditioning new members and carrying on their meeting every Monday, this popular club has given the rest of the student body all the entertainment needed for its rallies.

A great part of the job has fallen on the shoulders of Lois Kennison, president, who has not only excelled in that field, but was editor of the WEST WING Cub Edition.

Dark haired, brown eyed, big as a minute, Daisy Natsoulas, whose talents have captured many a rally, is another hard working member of the club. All the last-minute arrangements and details are left to Daisy's care. A mighty fine job she does, as all of us can readily see.

Miss Isabel Becker is the club sponsor.

HERMAN KOHN
Nathan Dohrmann Co.
General Office

Opportunities undreamed of a few months ago are now open to young men and women with specialized training. Heald employment calls for far in excess of the trained workers available in all fields. General Clerks, Business Machine Operators, Shipfitters, Welders, Electricians, Radio Technicians, and Radio Operators, are very much in demand both in private industry and government.

HELEN NIELSEN

Private Secretary

Plan now to "specialize at Heald's" just as soon as you graduate from High School. Save time and money by attending a school that is well established—where educational methods have reached the highest order of efficiency. At Heald's you advance as rapidly as you are able to complete the required work. Credit given for previous training.

Write or phone now for interesting literature on the type of work that appeals to you.

Commercial Club in
Court Visits

The Commercial Law Club is another important club around school. Under the direction of Mrs. Kohlwey, the club has gone to court and heard a case involving the deposition of a will.

The purpose of the club is to study the application of law and to visit Superior Courts and study court procedure.

Jack Smolenski, High Senior and a prominent member of the debating team, is Chief Justice of the club.

Tom Brown, 5 feet 11 and one of our outstanding football players, also takes an interest in the Commercial Law Club. He proves that brains as well as brawn exist on our football squad.

French Club

Language Group

Has Social Side

The French Club, under the sponsorship of Miss Edyth Fredericks, is typical of many of the language clubs of Mission in that it has members of many different nationalities and creeds. However, this serves to bind the organization even closer together. This fact exemplifies the spirit of the American people. The French Club has its president, Edmund Welch, and vice-president, Jean Bonnemaison. The organization also has a social side. About once a month it meets out of school hours to sing, put on little dialogues, and play games. This is all conducted in French. At the end of the term, a party is held in which all members participate. The club's main purpose is to promote interest in the French language, literature and customs.

Latin Leaders

Value of Classical
Lore Emphasized

With the world thrown into chaos in this second World War, the language classes of Mission still stand for everything free and right, with no thought of race and creed.

America is a free country, which can well be seen in the Latin Club, of which every type of nationality can be found. With leaders such as Paul Gopoul, prominent H-2 president, and officer of the Latin Club, and Claire Clegg, vice-president, Mr. Gannon, the sponsor, can be proud of this fine group which has outstanding merits for the successful way in which this club has continued term after term.

Character Club

Many Services Done

By Tri-Y Group

The Tri-Y Club is one of the most important groups around school. The purpose of this organization is to create, maintain and extend throughout the school high standards of character.

Vice-President Dorothy Carey, 5 feet 5, with brown eyes that sparkle constantly, has taken over and handled meetings when the president was absent. Dolores Rincon, dangling around school as the greatest of little jitterbugs, holds down the job of being social chairman. The responsibility of making their yearly dance a success was all Dolly's work. With the combined efforts of both these lassies, the club has indeed had a successful term with such important events as a picnic at Jones Gulch and the Winter Dance.

The new sponsor of the club, Mrs. E. Edwards, has assisted the girls in every way to make this a much bigger and better group.

Character Club

Service is Watchword
of Hi-Y Group

The Hi-Y has the same purpose as the Tri-Y, which is to create, maintain and extend throughout the school high standards of character.

With Don Amsbough, L-4, as their president, they have undertaken the task of drawing up their club constitution, and a perfect one it is, by the spirit of cooperation and enthusiasm that has made this club such a success this term.

The helping hand of Ed Hudson, High Senior, as social chairman made their social affairs a success also.

Under the leadership of Dr. Lundgren, the boys traveled to Jones Gulch also for a picnic, and collaborated on the dance held by the Tri-Y.

Language Class

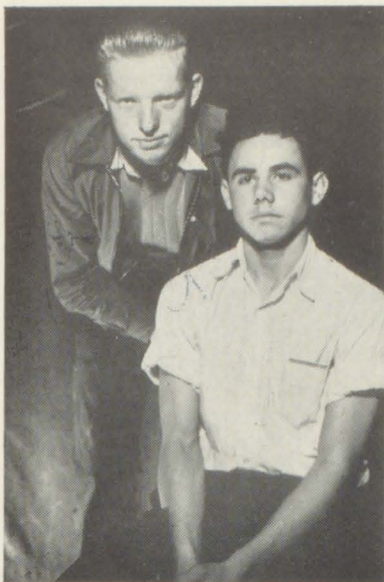

Gay Program is
Club Highlight

This term, as in preceding ones, the Italian Club is right on top for activities held during the term.

President Gilbert Vergoni is known by every Missionite for his interruption of practically every assembly to either sell tickets for a football game, basketball game, or to raise money for some activity. Aside from being the comedian at most of the assemblies, Gil has been outstanding in the Drama Class and has given the student body many a laugh in our term plays.

Another clever person in the club is attractive, 5 foot 4 Irma Molinari, who lends to the club her whole-hearted support in all their undertakings.

Their sponsor, Mrs. Lydia Martin, finds the group most delightful and interesting and ends each term with a big party.

Traffic Directors
Keep Streets Safe

This organization, the Boys' Inside Traffic, should not be confused with the Outside Traffic. The Outside Traffic is under the supervision of Lt. Gilbert and consists of those boys seen on the street corners in the morning. The Inside Traffic is under the supervision of Mr. Tieselinck and keeps the halls clear and quiet during the two lunch periods. The fourth period traffic is headed by Captain Charles Gilmore and the fifth period traffic is headed by Captain Bill Kurz. The organization's boys are posted throughout the school in halls and on stairways. They keep students out of the halls and make it possible for those pupils in class to work without disturbance.

High Scholarship
Is CSF Standard

The California Scholarship Federation is composed of students with high scholarship standards from throughout California. Mission Chapter 171 is made up of a great number of Mission students who excel in their studies. The size of the organization is proof of the high standards of the school. To attain membership in this society is the goal of almost every Missionite, for this is a high honor. It can be seen that the quality of scholarship in Mission is improving, because each term the membership is higher than the preceding term. The club is under the able sponsorship of Miss Leta Swanson.
